Pioneer Citizen Gone.

Mrs. Mary M. Smith departed this life after a long and painful illness of rheumatism, at the home of her son, Ex-Sheriff Joe T. Smith, east of Butler, Saturday afternoon at about 5 o'clock. Funeral services were conducted from the residence on Monday morning, largely attended by friends of the family. The funeral sermon was preached by Elder J. B. Mayfield and interment was made in Oak Hill cemetery.

Mrs. Smith is a pioneer citizen of Bates county, coming here in March, 1855, with her husband, William S. Smith, and locating on a farm just west of Butler. Mr. Smith departed this life during the early part of the civil war, and Mrs. Smith was left with several small children to support, in the midst of that terrible war, in this border county, which was devastated by the worst element of both contending armies. Like other pioneer women, right nobly did she rise to the task and raised her family so that the children grew to manhood and womanhood to call her blessed. Of a large family of nine children only two are living, Joe T. Smith and Sarah H. Spicer, of Nashua, Clay county, Mo, who was here to attend the last sad rites.

Mary A. Birkhead was born in Nelson county, Kentucky, Dec. 20th, 1828. She came to Missouri with her parents when a child and was married to Wm. S. Smith, Aug. 4th, 1846. She was a member of the Christian Church for many years and always kept the faith. Thus is another good old mother in Israel gathered to her fathers.

Catron Family Reunion.

R. S. Catron and wife attended a family reunion of the Catrons at West Plains last week. The four Catron brothers and two sisters are as follows: W. J. Catron, 75 years, Kansas City; C. C. Catron, 73 years, Carthage; R. S. Catron, 69 years, Butler; O. H. Catron, 66 years, West Plains; Mrs. George B. Fletcher, 64, Higginsville; Mrs. W. D. Brown, 43, Richmond.

The West Plains Gazettesays: The Catron family is one of the oldest and most prominent in the state. Stephen Catron, father of the Catron brothers, came to Missouri from Tennessee in 1818, and settled at the mouth of the Tebo river, near where the city of Lexington now stands. At that time his nearest neighbor was at Booneville, 60 miles east. Here the Catron brothers were born grew up. Their father was in the famous Mormon war and helped move the Indians out of Missouri.

All four of the Catron brothers, and also their brother-in-law, Mr. Fletcher, were in the Confederate army and served through the war. They are stalwart Democrats and have taken part in many political campaigns. The reunion here this week was planned some time ago and was a decided success.

A Card.

Having made arrangements to leave the county, I desire to express my appreciation of the many courtesies I have received at the bands of the business men of Butier and especially to the management of the Farmers Bank, who always extended me every courtesy and favor consistant with good banking methods. To F. H. Crowell, manager of the Sculley interests I desire to thus publicly thank for his many courtesies and business kindnesses extended to me while I was his tenant. No man was ever blessed with better neighbors or friends during my stay in Bates county, to all of whom I extend best JOHN P. BEST.

More Republican Secrecy.

Washington, Oct. 19 .- To guard against indiscreet utterances of chiefs of bureaus in the Navy department in the campaign Secretary Metcalf has directed that nothing contained in any regular annual report of those officers shall be made public until after the election in November. Several years ago a bureau officer in his annual report criticised the President's policy regarding the amalgamation of the engineer corps with the line of the navy and the criticism at that time attracted considerable attention.

Bryan on Cowherd.

I knew Mr. Cowherd when he was in Congress, and I have watched his public career since; and I know he can be trusted with the affairs of this great state. I am perssonally willing to guarantee his honesty in office .- William Jennings Bryan.
